New Camper Tips & Tricks

- Going to summer camp can be exciting, maturing, and fun. Below are some suggestions on how you can prepare your camper for a positive camp experience.
- Parents of first time campers pay special attention in preparing for camp. The first time away from the familiarity and comforts of home can be challenging for anyone.
- Consider a pre-camp visit to the site. Call the camp to arrange for a visit. We would be more than happy to show you our facilities.
- Everyone loves to get mail at camp. Some families mail a letter before camp so the camper will get mail on the 1st or 2nd day. Pack stamped pre-addressed letters or post cards with the camping gear to make it easier for them to write home.
- Labeling everything with your camper's name will help prevent confusion and loss. In the cabin, your camper will have items that are like others.
- Please do not send any foods or snack to the campers. Food in cabins attracts mice and other unwanted visitors.
